

Frequently Asked Questions (FAQs)

How to register to Cisco Supply Chain Portal

NEW User: Cisco Suppliers & Partners

New User Registration FAQs

Q: Why do I have to register?

A: Every new user must be on-boarded to the Cisco Supply Chain (SC) portal to access applications, tools, and metrics. Once registered, users can go to <https://supplychain.cisco.com> to access SC applications.

Q: Who will be approving the registration process?

A: A representative from the partner company, Partner Administrator (PA), and a representative from Cisco are responsible in approving the new user registration.

Q: How do I fill out the registration form?

A: For new users, there are three simple steps:

- Begin with your valid company email. Personal emails will not be accepted. If you can't find your company, email supplychain-partner-registration-support@cisco.com with a brief description of the problem, company name, location, and contact information.
- Fill out the registration form.
- Register.
